

# **GREENACRES TENNIS CLUB INC.**

## **‘HOME OF THE DRAGONS’**

### **Senior Payment Plan**

**as at May 2025**

## SUMMARY

The below conditions and terms have been established to ensure that Greenacres Tennis Club continues to support members to play tennis in an inclusive environment, whilst also maintaining a sustainable club. The framework outlined below has been created to ensure the basic costs associated with maintaining a member are covered (Player affiliation cost, pre purchased equipment and leasing fees).

---

## WHAT HAS CHANGED

We have provided the terms and timeline, opposed to members negotiating individual terms. This is in line with our no pay, no play policy and provides a fair strategy to all members.

---

## HOW IT WORKS

- The strategy will see all payment plans for members paid up in full by Round 9 of any season.
  - An establishment fee has been introduced to recoup the affiliations and leasing cost that the club has pre purchased on our members behalf.
  - A set amount will be paid every fortnight to our bank account through either a bank transfer or off your adjusted invoice which will be due the Wednesday of each fortnight.
  - Failing to make a payment without prior negotiation will see a no pay, no play policy introduced the following week.
- 

## PAYMENT PLAN INFO

- **See Table 1** For the payment plan outline on page 3.
  - **Note:** Players who enter into a payment plan with Greenacres Tennis Club do not qualify for an Early Bird Discount.
  - If there is a fortnight that you are unable to make a payment, this needs to be negotiated with the Treasurer **prior** to the payment date.
