

GREENACRES TENNIS CLUB INCORPORATED.

PAYMENT PLAN POLICY - JUNIORS

Summary:

The below conditions and terms have been established to ensure that Greenacres Tennis Club continues to support members to play tennis in an inclusive environment, whilst also maintaining a sustainable club. The framework outlined below has been created to ensure the basic costs associated with maintaining a member are covered (Player affiliation cost, pre purchased equipment and leasing fees).

What is it:

Previously, Payment Plans have only been offered to Senior members, however, we believe that we should offer all members a fair payment strategy. We have provided the terms and timelines, opposed to members negotiating individual terms.

How it works:

- The strategy will see all payment plans for members paid up in full by Round 9 of any season
- An establishment fee has been introduced to recoup the affiliations and leasing cost that the club has pre purchased on our members behalf
- A set amount will be paid every fortnight to our bank account through either a bank transfer or off your adjusted invoice which will be due the Wednesday of each fortnight
- Failing to make a payment without prior negotiation will see a no pay, no play policy introduced the following week
